
Argus photo . . 1/50 sec. . . f:12.7 . . Panatomic X film

ARGOFLEX

F:4.5 color corrected lens. Shutter 1/10 to 1/200 T. and B. 2¼" x 2¼" black and white pictures on 120 film. Also takes color pictures.

"QUICK GET THAT PICTURE"

You've heard this said many times and if you have an Argoflex camera you can take the picture at just the right moment.

Argoflex makes picture taking so easy, so rapid . . . no complicated gadgets . . . you get what you see on the full size focusing ground glass.

Ask your dealer to show you Argoflex . . . it's a great camera priced right.

FREE! "CHOOSING YOUR CAMERA." Write to Dept. 705 for this instructive 32-page booklet.
